

Lotto America® jackpots start at \$2 million and there are 9 ways to win. With the Lotto America All Star Bonus® option, you will multiply all prize levels except the Grand Prize by 2, 3, 4 or 5 times.

**HOW TO PLAY:**

1. Ask the store clerk for a Quick Pick (QP) ticket or fill out a play slip. Each play slip has five boards. Each board costs \$1. Each board contains two sets of numbers: one set from 1 through 52 and the second set from 1 through 10.
2. To play a board, pick five numbers from the set of 52 numbers and one number (Lotto America All Star Ball®) from the set of 10 numbers. Fill in the numbers you wish to play. Do not use red ink and do not erase. If you make an error, mark the VOID box, and then make selections on another board.
3. You may purchase the same boards for up to 15 consecutive draws on one single ticket when you check the appropriate number of draws in the “multi-draw” circle.
4. You may select QP and have the computer randomly pick the numbers for you. Either mark the QP option on the play slip for up to five boards and your desired multi-draw option or ask the store clerk for a QP ticket for up to 10 boards and your desired multi-draw option.
5. To multiply any prize won by 2X, 3X, 4X or 5X (except for the Jackpot\*) mark the All Star Bonus circle or tell the clerk you want the All Star Bonus option. This will double the total cost of your wager on all boards played.
6. Tickets cannot be canceled after issued. You are responsible for the selection of your numbers and options, not the retailer or the Lottery.

\* The jackpot prize is not included in the All Star Bonus® multiplier option.
